FILE HEADING.

Inventory of Stock in the Govt Press

From

The Superintendent, Govt Press.

No. 358 Dated 20-10-09 Received 22-10-09

Diary No. 1784 Enclos. 1 Spare Copies _ Serial No. 1

BRIEF ABSTRACT OF LETTER.

Forwards an inventory of Stock in the Govt Press as it stood on the 1st July 1909

NOTES AND ORDERS.

1) The inventory has been checked with the one send last year and the following discrepancies have been observed :—

(a) In the last year's list under "Binding" one double Pump 8" Ram Hydraulic Press (No 4)

V

RES—First sheet

GPB—30,000 - 3-4-07.

Serial No.

costing ... was shown as having been given to Military Assistant". This does not appear at all in the present list. It is not known if it is still with the "Military Asstt";

(b) In the new list under "Bindery", a Numbering machine (No. 22 A) valued at Rs 94-13-3 has been brought under the col^n "depreciation" and the value of the article is shown to be nil on 1.7.09. It is not clear if the machine is so old & useless as not to fetch any price if sold;

7/3.

(c) In the same section, No. 30 is 14 scissors costing Rs 13-14-4. Only 9 (valued at 7-8-6) have been shown as existing on 1.7.09, 6 having been brought under the col^n "depreciation"; in like manner the depreciation is large in the case of entries 5, 80, 86, 88, 92 & 100 (Composing) 29 (Bindery), 26, 30, 45 & 46 (Misc).

(d) Misc. Entry 60.

3 Hand carts valued at Rs 83-0-8 are shown as being in stock at the beginning of 1908-9, and 2 valued at Rs 161-2-[illegible] as having been purchased during

NOTE—Contn. sheet.

GPB—55,000—27-4-09

Serial No.

the year. But in G.O. No. G.B.5/3-4 - G.P. 9-08-22 of 18-5-09, sanction was accorded to the manufacture of 2 carts at the Military Stores at a cost of Rs 121-12-0, and to the old carts being disposed of by public auction. It is not known why the old carts have not been disposed of till now and why there is a difference in the value of the new carts (Rs 161-2-0, according to the present list)

2) Entry No. 10 under "Press and Machine" in the old list shows that a single demy machine valued at Rs 804-4-6 was transferred to the Branch Press on 20.9.07; and it has therefore been omitted in the present list. It will be advantageous to get in future inventories of articles in stock at the Branch Press, Mysore.

3) If approved, an enquiry will be made with reference to the foregoing points.

2 To the Supdt Govt Press. G. 3420 & 27 12/05.
Points out certain discrepancies in sl. 1 and calls for an explanation.

3 Letter No. 574 dated 6th Jan 1910 from the Supdt Govt Press — Explains the discrepancies pointed out above.

(7) Subd with a dft order directing the adjustment of the stock in accordance with the present inventory. As considerable difficulty is experienced in checking the inventory in respect of new purchases, it is desirable that the nos and dates of the Govt order sanctioning such purchases should be ~~stated~~ mentioned in the inventory. A line to this effect has accordingly been inserted ~~in this effect~~ in the order put up.

SA 15. (8) I submit that in future to agree with an inventory of existing stock
17.1.10.

Records the inventory and lays down the procedure to be followed in future

GR

NOTE—Contn. sheet.

GPB—50,000—13.5.08

Serial No.

(11) With refce to the remarks at para 9(x) above, it is subd that the stock does not appear to have been valued and examined by any outside authority. In the Govt orders of the 10th Feb and 10th April 1900, the quantity and value of the stock are given. But there seem to be only estimates made by the Press Supdt and accepted by Govt many valuable additions have been made to the plant and materials of the Press since Mr. Yates assumed charge of the Govt Press and the stock of plant as does not appear to have been taken since that date.

(12) Attention is in this connection invited to Mr. Fisher's Report on the Working of the Govt Press — paras 93 and 94 — and the Committee's remarks and Govt order thereon, regarding stock taking. Mr. Fisher recommends that the stock of plant should be taken once in 5 years and the stock of stores or at least a few items should be

	regarding Stock taking & calls for his opinion on the matter
6	Letter No 874 dated 20th April 1910 from the Supdt Govt Press — stating in reply that stock-taking may be undertaken at the end of the present calendar year, after the 1st instalment of the Census Work is issued

(18) The reply given by the Supdt does not answer fully the questions suggested in Sl 5. Mr Fisher's recommendations are that (1) the stock of plant should be taken once in every five years and (2) the stock of stores should be taken yearly by the Auditor. As the Supdt's reply makes no refce to these points, a dft enquiry is subd for orders

25. 4. 10.

(19) The inventory of stock as it stood on 1st July 09 has been received & checked in this Office and orders passed "Recording" the Report of the Supdt. As his proposal that the Stock-taking under paras 93 & 94 of Mr Fisher's Report may be conducted

Stock taking shall well be done by an Officer deputed for the purpose who would examine stock, measure, count the items and report the result of his stock taking independently of the press authorities. Considering the value of the material such a course seems necessary.

(Five Secys) 4/5-5-10

W

2) Mr Fisher's suggestions are both necessary & sufficient & Govt should insist that they are followed.

2) The inventory works out a book-balance. Periodical stock-taking is necessary to see that the actual balance in hand agrees with the book balance as worked out by the inventory.

4) An Executive Engineer may be specially deputed for a few days at the proper time (end of 1910) for the grand quennial stock-taking which should be thorough both as regards plant & stores.

5) It should also be ordered that future audit reports should contain ~~information~~ the result of actual stock-taking by the auditor as regards some kind of stores.

6) In both cases the result should be reported to Govt in the following form:

Balance on 1.7.10 as per last inventory	Receipts from 1.7.10 to the date of stock Taking	Issues from 1.7.10 to date of stock Taking	Book Balance on the date of stock Taking	Balance actually counted measured

To

The Supdt Govt Press
Bangalore

Date of issue 27-12-09

Signed by Mr. S. Hiriyamaiya

Sir

With refee to your letter
No 358 dated 20th Oct 09
forwarding an inventory of
stock in the Govt Press, Bangalore
as it stood on the 1st July 1909
I am directed to communicate
for favour of your remarks the
following discrepancies:—

(a) In the last year's list under
"Bindery" (No 4) one double
Pump & "Ram Hydraulic
Press costing Rs. 621-15-10
was shown as having been
given to Military Assistant;
this does not appear over in the

points which require
further Explanation.

H. V

SUBJECT.

23/12

present list; it is not known if the article is still with the "Military Assistant" and if so when it will be got back.

(b) Under "Bindery" in the present list, a Numbering machine (No. 32) valued at Rs 94-13-3 has been shown ~~brought~~ under the column "depreciation" and its value is stated to be nil on the 1st July 1909. It is not clear if the machine is so old and useless as not to fetch any price when sold.

(c) In the case of articles bearing Nos 29 & 30 ~~brought~~ (in the present list) under "Bindery" & 5, 80, 86, 88, 92 and 100 under "Composing" and 26, 30, 45 and 46 under "Miscellaneous" the "amount of depreciation" appears to be large. It is not understood how the figures of this column

Valued at Rs 83-0-8

have been

~~are arrived at~~ at.

(1) Against entry 60 under "Miscellaneous" in the present list 3 Hand Carts are shown as having been in stock at the beginning of the year 1908-09 and 2 as having been purchased during the year at a cost of Rs. 161-2-0. Vide Govt Progs No. G. 6513-4/G.P.G-08-22 dated 18th May 09, the purchase of 2 new carts manufactured at the Military Stores at a cost of Rs 121-12-0 was sanctioned and the old carts were ordered to be disposed of by public auction. It is not stated if the old carts referred to in the order have been disposed of and there is a difference of Rs 39-6-0 in the value of the new carts as given in the present list and as stated in the order.

H. 5.

Hon'ble
Reasons why the value of the new carts happens to be Rs 39/6- more than what was authorised in the above said order

nor is it explained

2)

2) Entry No. 10 under "Press and machine" in the old list shows that a Single army machine costing Rs 804-4-6 was transferred to the Branch Press on 20th Sept. 1907 and it has therefore been apparently omitted to be shown in the present list. I am to enquire in this connection why an Inventory of the stock in the Branch Press at Mysore is not being sent up to Govt. and if there is any objection to such a its being done in future..

3) An early reply is requested.

To

C.S. BALASUNDARAM IYER, Esq B.A., B.L.,
Secretary to the Government of His Highness
The Maharaja of Mysore, Genl. and Rev. Deptts.,
Bangalore.

SIR,

With reference to your letter No: G 3420-G.P.14-09-2 dated 27th ultimo, calling for explanation on certain items in the inventory of stock in the Government Press, Bangalore, as it stood on 1st July 1909, I have the honor to offer the following explanation:-

Item No: 4 under Bindery--One double pump Hydraulic Press:- As this was transferred once for all to the Military Assistant for use in the Hessarghatta Grass Farm as per Government Orders conveyed in your letter No: G 7917-G.P.32-06-2 dated 18th June 1907, this is removed from the list.

Items Nos: 29 and 30 under Bindery--Two long Binders' knives and five scissors, having become quite worn out, were sold by public auction along with other unserviceable articles of the Press in March 1909, as per Government orders, and the value of these was written off the accounts.

Item No: 5 under Composing--The depreciation shown under this head on 20,664 lbs of type calculated at 5per cent. is quite correct. The increase in the depreciation under the following, is due to the quantity of old type shown against each item, which was transferred to the type casting department and hence was written off the accounts.

Item	80	...	900 lbs	... valued at Rs.	650-6-4
"	86	...	1700 "	... "	1418-10-8
"	88	...	900 "	... "	1050-0-0

GPB—1,000—23-2-09

I Item 92 ... 1174 lbs ... valued at Rs. 1181-14-10

" 100 ... 3000 " ... " 2905-15-0

With regard to the remark that the amount of depreciation "appears to be large," I should say that 5 per cent depreciation is a very small rate indeed. I quote a recognised trade authority which says:- "Type depreciates at a rapid rate and the amount to be written off annually naturally varies according to the use made of it. The rate of depreciation to be provided for is usually from 10 to 15 per cent. per annum, and in exceptional cases is even higher."

The increase in the depreciation of the following items under " Miscellaneous " is due to the articles noted against each being sold by public auction in March 1909, along with other unserviceable articles, as they became quite old and worn out and their value being written off the accounts.

Item 26 ... 4 chisels.

" 30 ... 1 Saw Block.

" 45 ... Locks.

46 ... Do

The three old carts have not been sold as they have been reserved to be put up to public auction along with other unserviceable articles of the Press during the current year. The increase of Rs: 39-6-0 shown under the value of two new carts purchased during the year is due to certain alterations being made in their construction, the design not being considered satisfactory by me, and to subsequent repairs owing to accident.

With regard to the question of submission of an inventory of the stock in the Branch Press, I beg to state that most of the articles there have been transferred from the Central Press and it is impossible to trace their original date of purchase, and strike depreciation. On the other hand I would now fix their present value

Order thereon No. F. 1325-E

Govt consider that the suggestions of Mr Fisher ~~of the Madras Govt Press~~, viz, that the Stock of plant ~~of~~ should be taken once in every five years and ~~that~~ of Stores annually by the ~~Auditor~~ Auditor, ~~are both necessary and sufficient and direct that they~~ should be fully carried out ~~adopted~~ in future.

As the annual inventory of articles in Stock at the Govt Press works out only a book-balance, ~~Govt are of opinion that~~ a periodical Stock-taking is necessary to see that the actual balance in hand agrees

G.R.S. 27]

GENERAL AND REVENUE SECRETARIAT.

(*Continuation Sheet draft form.*)

with the book-balance as worked out in the inventory. The Chief Engr will therefore be requested to specially depute an Executive Engr for a few days at the proper time (this time at the end of the year 19[illegible] as stated in the Press Instl letter read above) for the quinquennial stock-taking which should be thorough both as regards plant and stores. Govt also direct that future audit reports should contain the result of actual stock-taking by the auditor as regards some kind of stores.

During the yearly audit, the auditor should select certain articles of stores for stock-taking, and embody the result of his examination in his report.

2) In both the above cases, the result will be reported to Govt in a statement in the following form:—

(1) Balance on 1st July 19— as per last inventory.

(2) Receipts from 1st July 19— to the date of stock-taking.

MGGPB—30,000—5-4-05.

(3) Issues from 1st July 19—— to the date of Stock-taking.

(4) Book Balance on the date of Stock-taking

(5) Balance actually counted or measured

(6) Difference to be explained

(7) Explanation of the Supdt.

(8) Recommendation of the Comptroller as regards adjustment of diffce. by recovery, writing off &c

(9) Orders of Govt

4) Each audit report should hereafter contain information as to how far the orders of Govt on Stock-taking reports passed during the period of audit have been given effect to.

may this be printed?

" Supdt. Govt. Press

17-5-40 Chief Engr in Mysore

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Press), dated 27th August 1910.

READ—

General and Revenue Secretary's letter No. G. 5470—G. P. 14-09-5, dated 15th April 1910, inviting the opinion of the Superintendent, Government Press, on the suggestions about stock-taking contained in paragraphs 93 and 94 of the report of Mr. T. Fisher on the working of the Government Press.

2. Letter No. 874, dated 20th April 1910, from the Superintendent, Government Press, stating in reply to the above that stock-taking may be undertaken at the end of the year 1910 after the first instalment of the Census work has been issued.

No. G. 1323-5—G. P. 14-09-7, DATED BANGALORE, 27TH AUGUST 1910.

ORDER THEREON.—Government consider that the suggestions of Mr. Fisher, *viz.*, that the stock of plant should be taken once every five years and that of stores annually by the auditor, should be fully carried out in future. As the annual inventory of articles in stock at the Government Press works out only a book-balance, a periodical stock-taking is necessary to see that the actual balance in hand agrees with the book-balance as worked out in the inventory. The Chief Engineer will therefore be requested to specially depute an Executive Engineer for a few days at the proper time (this time at the end of the year 1910 as stated in the Press Superintendent's letter read above) for the quinquennial stock-taking, which should be thorough both as regards plant and stores. Government also direct that, during the yearly audit, the auditor should select certain articles of stores for stock-taking, and embody the result of his examination in his report.

2. In both the above cases, the result will be reported to Government in a statement in the following form :—

(1) Balance on 1st July 19 as per last inventory.
(2) Receipts from 1st July 19 to the date of stock-taking.
(3) Issues from 1st July 19 to the date of stock-taking.
(4) Book-balance on the date of stock-taking.
(5) Balance actually counted or measured.
(6) Difference to be explained.
(7) Explanation of the Superintendent.
(8) Recommendation of the Comptroller as regards adjustment of difference by recovery, writing off, etc.
(9) Orders of Government.

3. Each audit report should hereafter contain information as to how far the orders of Government on stock-taking reports passed during the period of audit have been given effect to.
